You aren't on this list, but this is basically a letter asking "where is your scoping notice on this revised/supplemental DEIS?" and "How do we participate in that scoping?"

Interesting questions.

Subject: RE: FOR EWC letter on BDCP scoping

Dear Federal and California Officers and Agencies Carrying out the BDCP Process:

Please find attached our scoping letter of today, September 10, 2014 requesting participation in and notices of the BDCP scoping processes underway pursuant to NEPA and CEQA. Please also notice at page 3 that there is apparently no known way to submit letters into the State and NOAA BDCP websites presently.

Thank you for your anticipated attention to the requests set forth in our attached letter.

Best,

Bob Wright
